Ashish Mishra

SAP BASIS Consultant | SAP Technology | Cloud & Enterprise Platforms

Regina, Saskatchewan, Canada · mishra.ashish0123@gmail.com · linkedin.com/in/ashish-mishra-99386ab3

SUMMARY

- Around 10 years of experience in SAP BASIS, including 4 years of technical leadership.
- Installation and configuration of SAP systems (ABAP and Java) on Unix, Linux and Microsoft Windows in single, distributed and high-availability clustered environments.
- Upgrade and migration experience across SAP landscapes. Worked with the teams migrating an entire on-premises SAP landscape to Azure, and helped the implementation partner complete the SAP ECC to S/4HANA conversion.
- Hands-on with SAP BTP, SAP Cloud Connector, SAP Cloud ALM, SAP ETD Public Cloud, SAP BTP mobile apps and SAP S/4HANA.
- HA/DR implementation and administration for SAP HANA clusters on SUSE Linux, including cluster failover and SAP HANA backup and restore.
- Led the setup of backup and recovery for SAP solutions with AzAcSnap.
- Worked with SAP BODS, BOBJ, Solution Manager, SAP Gateway, SAP Fiori and SAP C4C, and non-SAP tools such as ServiceNow and Redwood RunMyJobs.
- Analyze and troubleshoot system errors and tune system performance.

SKILLS

BASIS Administration • SAP HANA Administration • SAP BTP • SAP Cloud Connector • Redwood RunMyJobs • SAP Implementation • SAP S/4HANA • Microsoft Azure • SAP Cloud ALM • Communication • Problem Solving • Troubleshooting & Analysis

Technologies & practices: SAP BASIS Administration • SAP ABAP stack • SAP Java stack • SAP HANA • SAP ECC • SAP S/4HANA • SAP Solution Manager • SAP Gateway • SAP Fiori • SAP Web Dispatcher • SAP Router • SAP Transport Management • SAP Enterprise Portal • Microsoft Azure • SAP BTP • SAP Cloud Connector • SAP Cloud ALM • SAP ETD Public Cloud • SAP Build • SAP BTP Mobile Services • BTP ABAP • SAP IAS • SAP landscape migration • SAP ECC → S/4HANA conversion support • SAP systems → Azure migration • SAP upgrades • System refreshes • Disaster recovery • Redwood RunMyJobs • ServiceNow • Monitoring • Change management • ChaRM • Performance analysis • HANA Mini Checks • EWA

LICENSES & CERTIFICATIONS

SAP Certified Technology Specialist - SAP S/4HANA Conversion and SAP System Upgrade, SAP 2025
SAP Certified Specialist - Implementation Consultant - SAP S/4HANA Cloud Private Edition, SAP 2025
Microsoft Azure Fundamentals, Microsoft Azure 2020

EXPERIENCE

Specialist, SaskPower September 2024 – Present

S/4HANA TRANSFORMATION

- Worked closely with the implementation partner on the SAP S/4HANA conversion project.
- Worked with several teams and the implementation partner to fix defects during the S/4HANA project.

IDENTITY & SAP BTP

- Set up SSO for SAP S/4HANA and ABAP systems through a BTP service, and SSO for Fiori using local user certificates with SAP Business Client.

- Moved the trust between SAP BTP and IAS from SAML to OIDC.
- Set up applications and services on SAP BTP, including IAS, SAP Build, SAP Joule and the BTP ABAP environment.
- Build and maintain BTP mobile apps with SAP Build.
- Integrated Redwood RunMyJobs and other third-party applications through SAP BTP Integration Suite.

CLOUD OPERATIONS & SECURITY

- Set up SAP Cloud Connector in a high-availability configuration.
- Set up Change Request Management and health monitoring of on-premises SAP systems in SAP Cloud ALM.
- Connected on-premises SAP systems to SAP Enterprise Threat Detection (ETD) Public Cloud.
- Resolved critical cluster and high-availability incidents on SAP and database servers.

Team Lead, Accenture — March 2020 – September 2024

CLOUD, BTP & S/4HANA READINESS

- Delivered and supported multiple client projects using SAP BTP, SAP Integration Suite, SAP Cloud ALM and Cloud Connector.
- Ran S/4HANA Readiness Checks and conversion prep on my own, including Data Profiling via ALM, SAP Signavio Process Insights and ATC configuration.
- Upgraded SAP Cloud Connector, set up LDAP, and moved Cloud Connector monitoring into Cloud ALM to cut manual monitoring and catch issues early.
- Upgraded SAP Asset Manager BTP mobile apps from 2105 to 2305, on both the BTP and BASIS side.
- Worked with vendors to deploy BTP mobile apps such as Smart Meter Tracking and Document Easement Signing.
- Set up SNC and SSO across the SAP landscape.

UPGRADES & AZURE MIGRATION

- Upgraded the support pack level of SAP PO systems on premises.
- Migrated the upgraded SAP PO systems from on-premises to Azure.
- Worked with the team on the upgrade and Azure migration of SAP BW and SAP CRM systems.
- Identified the required ports and set up NSG rules in Azure with the network team.
- Handled post-upgrade and post-migration work for multiple SAP systems.
- Configured SAP Solution Manager on Azure.

OPERATIONS, CHANGE & RESILIENCE

- Ran a complete end-to-end disaster recovery exercise.
- Led system refreshes and upgrades, including a refresh of Employee Central Payroll systems.
- Managed ChaRM in Solution Manager, plus the monthly change cycle and retrofit of changes across landscapes.
- Worked on the SAP CVI project, including data archiving, and retired legacy CRM systems.
- Tuned performance based on HANA Mini Checks and EWA reports, and fixed SAP vulnerabilities as they were released.
- Installed and configured SAP Router. Set up Redwood RunMyJobs connections to SAP, including queues and process servers.
- Managed incidents, change requests and problem tasks in ServiceNow.

LEADERSHIP & DELIVERY

- Delivered project work accurately and on schedule.
- Worked with project teams on C4C, SAP SuccessFactors, mInventory Logistics and Codebook apps to fix issues and reduce risk at UAT and go-live.
- Worked with vendors on Celonis, BTA EDMS ECTR, Bill Print Redesign, Azure Data Factory integration, MDM and TSA projects.
- Did root-cause analysis and gave clients clear, timely fixes and documentation.

- Advised on tuning and optimizing SAP landscapes. Handled maintenance, problem handling and reporting for clients.
- Shared knowledge with other consultants and tracked daily project status.

SAP Consultant, Birlasoft / KPIT — September 2018 – March 2020

SOLUTION MANAGER

- Installed SAP Solution Manager 7.2 and upgraded it to SP08.
- Did the basic system configuration of Solution Manager, plus EWA and Technical System Monitoring.
- Set up ChaRM in Solution Manager.
- Installed the HDB client for DBACOCKPIT in Solution Manager.

DATABASE & SYSTEMS

- Installed SAP HANA DB and handled HANA backup and restore.
- Refreshed systems using backup and restore on DB2.
- Applied monthly SAP Vertex patch updates.
- Applied digitally signed SAP Notes with TCI, and the SAP Support Backbone update.

OPERATIONS

- Handled day-to-day support: daily monitoring reports, log and dump analysis, transports, Remedy tickets and user issues.

SAP BASIS Administrator, Noida Power Company Limited — July 2016 – August 2018

INSTALLATIONS & UPGRADES

- Installed Solution Manager 7.2, SAP Gateway on NetWeaver 7.50, SAP PO 7.50, SAP BO 4.2 SP4, SAP SMP 3.0, Diagnostic Agent 7.45/7.49, SAP Web Dispatcher and Oracle database.
- Upgraded SAP ECC for the 2017–18 Union Budget changes and Solution Manager 7.2 to SP5.
- Installed and updated add-ons with SAINT and SPAM.
- Installed and configured SAP Router.

CONFIGURATION

- Did the basic configuration of Solution Manager 7.2 and the EWA report.
- Configured SAP TMS: domain controller, system landscape and transport routes.
- Configured CUA.
- Administered the Enterprise Portal: user management, RFCs, certificate keys, SSL, SSO and ADS configuration.
- Rolled out SAP Fiori apps for applying for and approving leave requests.

ADMINISTRATION & SUPPORT

- Refreshed SAP ECC, SRM and BI systems using backup and restore. Exported and imported CRM and SRM systems with SWPM.
- Handled user and security administration: users, roles and role assignments.
- Created and scheduled batch jobs. Handled database administration.
- Handled SAP Service Marketplace work: certificates, new systems and remote connections.
- Worked with the vendor on Multichannel Foundation for IS-U.
- Handled day-to-day support: monitoring, log and short dump analysis, and user support.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science — 2012 – 2016
Dehradun Institute of Technology, Dehradun, India

HONOURS & AWARDS

- **Accenture ACE Award**, Accenture (October 2020)
- Multiple appreciation from client leads and directors
